

Lots of

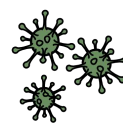

activities

are

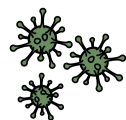

closed

because of the

virus.

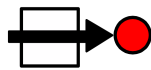

The

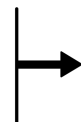

virus

can

pass

from

1

one

person

to

another person.

More

people

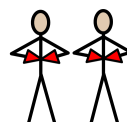

can

get

it if

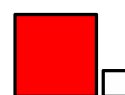

we

are

in

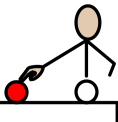

big

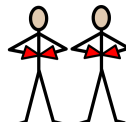

groups.

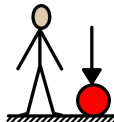

It's important

that

we

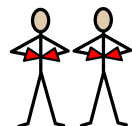

stay

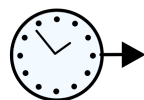

home

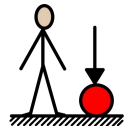

safe.

We

will

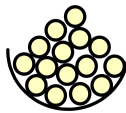

stay at

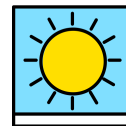

home

for

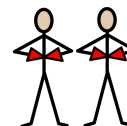

many

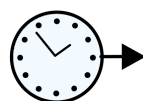

days,

but

we

will

have

lots of

fun

activities

to

do.
